Gary:

Thank you for speaking at the Anglers' Club of New York's Fall Dinner. Your presentation on fishing the Salmon River was extremely well received. Over the past few years, there has been growing interest among Club members in fishing the Lake Ontario tributaries. Your presentation gave everyone a great overview of not only how to fish the river but the opportunities that exist to fish the area year round. In addition to the Salmon there is an interest in other fishing opportunities like North and South Sandy Creeks and one that I had never heard of that you talked about, Catfish Creek. As more of us head north to take advantage of the closest place to the New York metro area to catch steelhead and salmon, I know we will be making use of the information you shared at the Club.

Best Regards,

Peter Kurey
Secretary and Co-Chair
of the Entertainment Committee
The Anglers' Club of New York
